Comments

The builders in Australia confirm that the Caribbean 26 is “the boat the experts are buying”. Based on the famous Bertram 26 these motor boats have an enviable reputation for sea keeping and are highly respected within the industry.

Game On is also a well cared for example having been serviced every season with outdrives off and serviced in 2010. If you have any questions at all on the engineering side, the vendor would be happy to put you in touch with the engineer who looks after her. She is also well equipped for coastal and cross channel trips with a full complement of electronics.
